To The Secretary to the Government of Madras,

... Department.

Sir,

... Council, ... to ... Rs. 2,50/- ... construction ... building ... Medical Relief ... Rs. 2,50/- ... and ... to ... Rs. ... and ... to ... Rs. ... and ... to ... Rs.

The Municipal Council, therefore, proposes to provide the school with a pucca building.

The Board of Revenue has assigned to the Municipal Council the site on which the present school shed stands and also the adjoining site for the use of the school. The site is reported to be suitable and accessible to all classes of people and was selected in consultation with the Inspectoress of Girls' Schools, 6th Circle. The new building is to be constructed on this site.

4. The Chairman, Municipal Council has not forwarded plans of the site of the building and the detailed estimates. He, however, states that the plans as of the same design as the sanctioned in my letter to Government No. D. 650 S/3 dated 16th April 1940 referred to in Government Memo No. D. 1740 S-1 dated 30-4-1940. He further states that the estimates are scrutinized with reference to the prevailing local rates and accordingly the cost has reduced from Rs.6,000 to Rs.5,000. The building will consist of five class rooms and a store-room with total floor area available of accommodate about 125 pupils and will be able to meet the present needs of the school.

5. As the school is in need of better accommodation I request that Chairman may sanction the payment of a sum of Rs.2,..0/- towards the cost of the building.

6. I am including the proposal in Part II of the Budget estimate for 194..5.

7. The Chairman, Municipal Council may be advised to have sanctioned detailed estimates prepared so as to get them scrutinized and approved by the Superintending Engineer before commencing the work. Copies of the relevant correspondence on the subject are enclosed.

I have the honour to be,
Sir,
Your most obedient servant,
M. Ramdas

Application from Bangalore Municipality for Grants for Elementary School buildings.

Name of the local Body.	Bangalore Municipality.
1. Nature of work	Construction of a building for the Municipal Middle School for Girls at Malleswaram.
2. Total estimated cost of the work	Rs.5,600/-
3. Govt. share of the cost according to any general or special orders that may be applicable to the present case	Rs.2,800/-
4. Whether detailed plans & estimates for the work have been submitted to the competent authority	Plans & estimates have been prepared and enclosed with the application for approval.
5. Has the site been selected and if so whether it is already at the disposal of the local body.	A site has been assigned for the purpose which has been selected in consultation with the Inspectress of Girls' Schools.
6. If not is land acquisition necessary and if so what is the estimated cost of acquisition and will the Government share of it be	
7. What steps if any have been taken to secure contribution by Revenue Authorities and by what date it is anticipated that the amount will be credited to the Municipal Fund of the local body.	
8. Can the local body give an undertaking that it has funds available for land acquisition or for land into expenditure on the work in the event of Govt. sanctioning a grant for either purpose.	The Municipal is agreeable to meet half the cost of the construction if it is also able to meet the total cost from its funds in the first instance.
9. Having regard to particulars under items 7 to 9 what is the total amount inclusive of Govt. grant which the local body expects to spend on land acquisition and actual contribution within financial year for which budget provision is to be made	Rs.5,600 on the construction of the building.
10. What is the Govt. share of item 10 and what is the amount of grant likely to be drawn within the year	£1 Rs.2800 a moiety of the cost of construction of the building.
11. What will be the probable total expenditure on the Govt. grant in each of the subsequent years until the work is completed	Nil
12. How the balance of the cost will be met.	The balance amount of Rs.2800 will be met by the Council from its General funds.

The plan of the proposed building is of the same design as that approved by you in your letters R.C.No. 420 B-. dated 12th April 19.0 nd ..C.No. 945/B-.1 dated 2nd June 19.1- in respect of Attav r Boys' and Fontland ottah Girls' Schools. The estimate has, however, been further scrutinised and the rates for the different items o. work been reduced with reference to the local rates now prevailing. The estimate amounts to Rs.5,800/- as against Rs.6,600 in the case of each of the two school buildings. I request therefore that you will be so good as to approve the plan and the present estimate-(which are enclosed) and recommend to Government the payment of the grant applied for. The balance of the cost of the construction of the building will be met from the general funds of the council.

The grant of the site for the school by the Board of Revenue was subject to the condition that the school building shall be constructed thereon within two years from the date of its grant and the said period has just expired. The last two years have been years of depression and it was with extreme difficulty that the municipality could carry on its administration. The abolition of toll gates and the tax on motor vehicles resulted in a substantial decrease in its income owing to the financial stringency the Government too declined to consider the application from the council for a subsidy towards the cost of the construction of school buildings vide G.O.No. Mis. 1745 L.E., dated 3rd October 19.1 and the council was unable to provide funds for the construction of the building. Under the circumstances I request you will be pleased to forward the present application for the subsidy to Government with a strong recommendation for its favourable consideration as a very special case. I am addressing the Board of Revenue separately asking for an extension of time for the construction of the school building on the site.

(i) (a) (i) Detailed plans and estimates
(i) do not appear to have been prepared
and / or have not yet been approved
by the Superintending Engineer.
(ii) The Board of Revenue assigned
the site on which the new building
is proposed to be constructed subject
to the condition that the school
building should be constructed within
two years from the date
of the grant and that said period
has expired. The Chairman of the
Mangalore Municipality has addressed
the Board of Revenue for an extension
of time for the construction of the
building. It is not known whether
the extension asked for has been
sanctioned by the Board of Revenue.

In the circumstances finance are
at present unable to offer any remarks.

The Mangalore Municipal
Council seems to have become
alive to the need for elementary
Primary School buildings
only now. A scheme for
the acquisition of a Basel
Mission building for another
School

para 2 of
Finance have already
noted that in the case of
an application from the
Taluk Board that it cannot
be considered without detailed
plans and estimates
